WHO ARE WE

We are a Melbourne based tour operator with many years' experience in the region and the industry. In addition to running Melbourne's best private, luxury tours through our own company, Localing, we want to help visitors have an incredible experience in our city, no matter their interests or budget.

WHO DO WE WORK WITH

A hand selected group of local tour companies we know and trust and whose reputation and experience are second to none. We have a personal relationship with the company owners, we've been on their tours and we know they are the best at what they do, whether it's balloon flights, kayaking trips or coach tours.

WHY BOOK WITH US

There are no surcharges or booking fees with Tour Today and unlike most online travel agents, we only work with companies we know so **you're guaranteed the best tours, at the best prices**. We have in-depth knowledge of the tours and regions we sell and can help you choose the perfect experience for you.

Our business is supported by the Melbourne Convention Bureau, Visit Victoria and the city's leading hotels.
